Review July - Oct. financial statements

Father reported our Parish is in good financial shape. Income is similar to last year.

A new set of candle holders were added, and income has increased.

Our investments continue to grow.

*Father has a few names that he will be contacting to join our financial committee. He will be looking for 2 new members

Building and Grounds Business

*Marv Smith electric has been contacted, and did make an initial visit to do repairs previously discussed, and to install motion lights.

*The city will be removing trees on the boulevard the 2nd week in November.

We have decided to have them drop the tree on the church grounds, and we will remove it ourselves.

as the quote to drop and remove was \$1000.00

We will revisit removing and replacing the cement in the spring.

*Matt has attempted to get quotes for the handicap accessible door to the west side. Seems it is a more difficult installation than expected.

He will go back to Rosemary, and explain to her what we have found out.

*Discussion was held on the mother's room entry door and handicap ramp. Alternative suggestions were made.

One suggestion is to install a bathroom where the confessional is at, to make it handicap accessible.

Father explained that when the Diocese discusses changes to church status,

it is important to have an handicap accessible bathroom. Dave will get some bids on doing the initial work.

*Father has requested that our organ be tuned and do any preventative maintenance that is needed.

Motion made by Leonto adjourn, and seconded by Matt.

Father ended with a prayer.

Meeting adjourned at 7:22
